Hi Lisa-

I'm out of the office now but I can ask folks on Friday. Who are you thinking from the NWIFC and Swinomish? Oh, and Larry got back to me via email confirming that the photo was stock but in unclear as to if it was charged to the NWIFC. He said they are still gathering information.
Thanks for reaching out about this-

Hi Rachel,

Peter asked me to check with Dietrich about whether a meeting with the Swinomish tribe on the subaward has been set up yet. I think that when we all met last week, one of the next steps was to have a 3-way meeting between EPA, NWIFC and Swinomish.

Do you have any insight as to when that will be, or whether folks at the Commission are working on scheduling that?

Many thanks,

Lisa
